Fire Rated Doors

OVERVIEW

Welcome to Zinaline, a distinguished wood company founded in 2008, nestled in the heart of Byblos, Lebanon.

At Zinaline, we excel in delivering a comprehensive range of interior and exterior woodwork services. Our expertise encompasses fire-rated and standard doors, kitchens, cladding, wardrobes, ceilings, under vanities, and more.

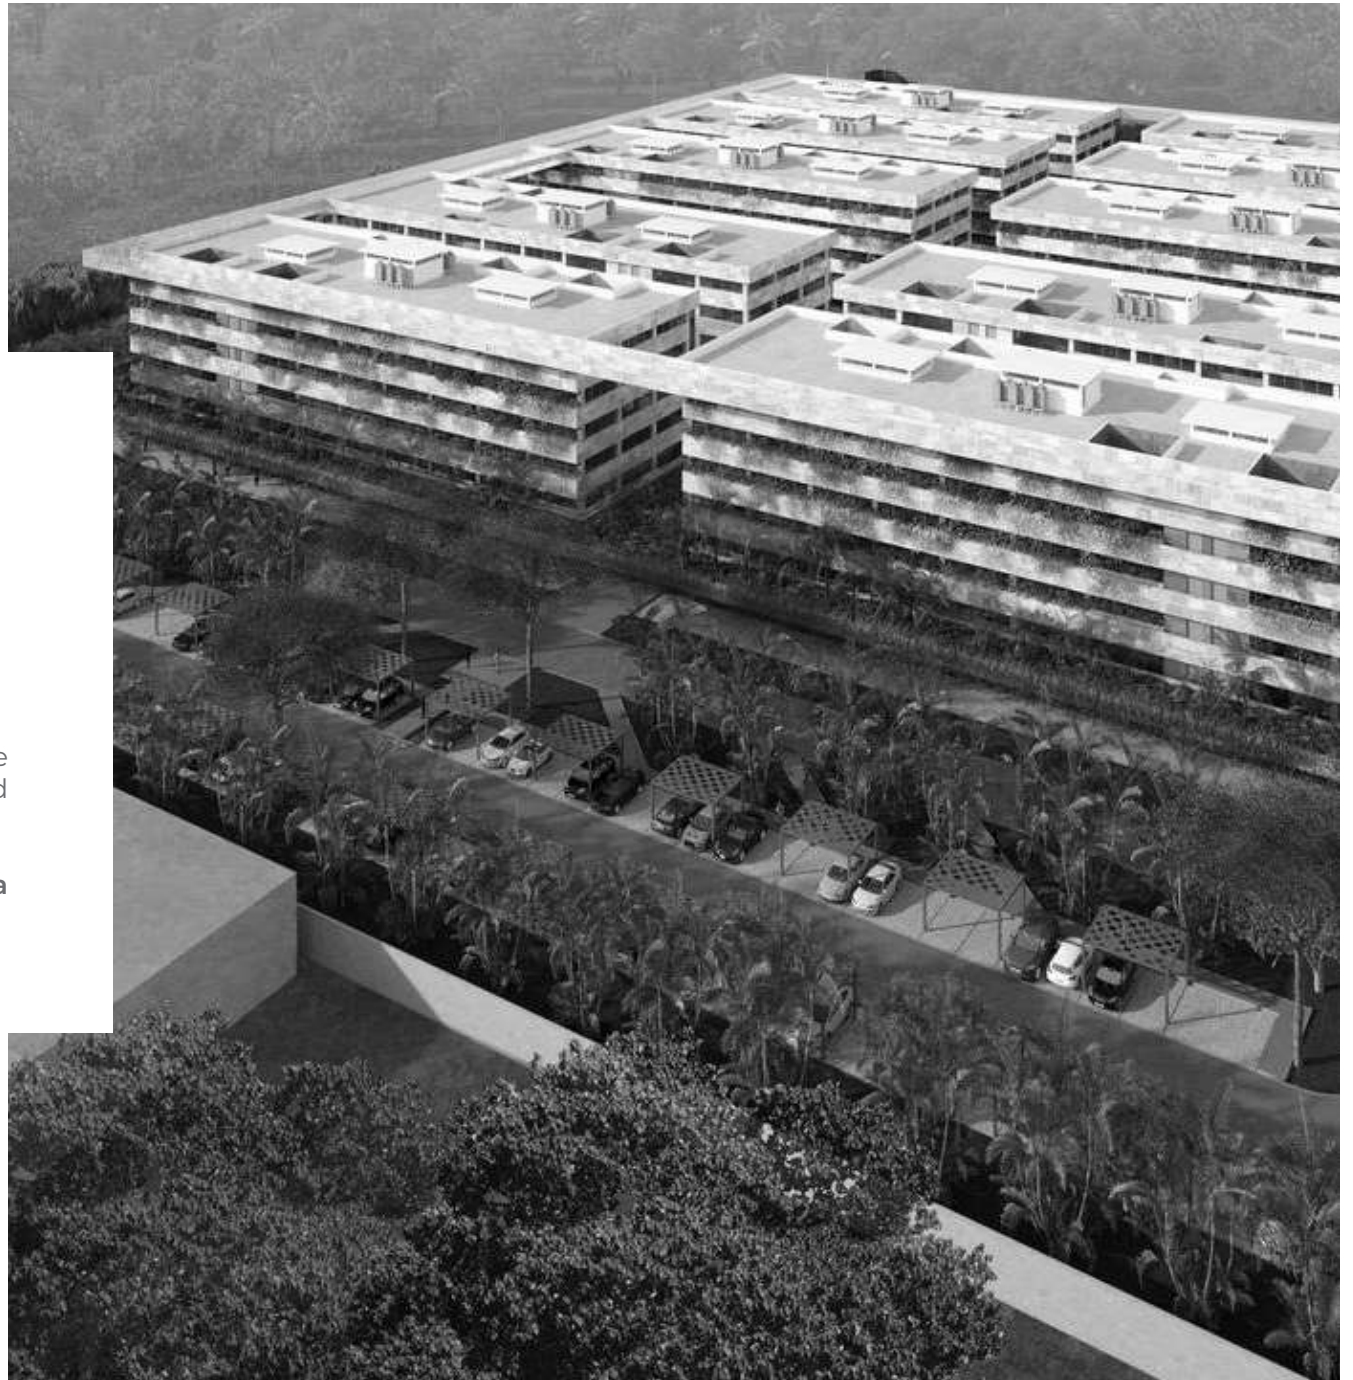

Additionally, we work with integrated materials such as gypsum board, steel, and compact laminate, Etc...

Whether tackling mega projects or smaller ventures, our highly skilled team ensures flawless execution every time.

OUR MISSION

Our mission is to always strive to be the best in the region, exceeding our clients' expectations and delivering exceptional results.

We take pride in our flawlessly completed mega projects.

OUR CORE VALUES

With over a decade of experience, our core values remain steadfast, distinguishing us from the rest:

Integrity

We believe in honesty to foster trusted relationships with our clients and employees, ensuring the best outcomes.

Community

We are dedicated to giving back to the environment and our community.

Excellence

We are committed to sourcing the finest materials and employing the most talented artisans to deliver superior results.

OUR FACTORY

Lebanon

Our state-of-the-art factory and warehouse, spanning over 4,000 square meters with additional 750 square meters of office space, are crucial to our high-performance capabilities.

This expansive area allows us to efficiently store our wood supply and support our operations.

We employ over 150 dedicated professionals who work in a healthy, safe, and quality-controlled environment.

Our facility is powered by a solar system, underscoring our commitment to environmental protection.

We continually invest in advanced, efficient high-tech machinery to maintain our leading edge.

Non-Fire Rated Wooden Doors

Scope:

Supply, fabrication, and installation of high-quality wooden doors.

Specifications

- Door leaf to be constructed with a full solid core for durability and acoustic performance.
- Door frames and architraves to be made of solid wood, coordinated with the finish of the door leaf

Alternatively, door frames may also be fabricated in steel, depending on the project's aesthetic and technical requirements.

- Concealed or standard hinges, lockset, cylinder, door stop, door closer and handle (to be confirmed by client).
- Finishing to include veneer, HPL, paint, etc.

Purpose:

These doors are designed to provide a warm and elegant transition between spaces, while ensuring structural stability and long-term performance.

** All specifications are based on and will be adjusted according to the final design.*

Fire Rated Wooden Doors

Safety is our absolute priority, which is why we specialize in the installation of fire doors. These doors are essential for protecting occupants and reducing property damage in the case of fire. Our fire doors are manufacturer-certified to withstand up to 120 minutes of fire exposure. We also hold BS, BS/EN, and UL certifications, demonstrating our commitment to meeting the highest safety standards. We continuously strive to obtain new certifications in order to further strengthen our safety measures.

(30 min / 45 min / 60 min / 90 min / 120 min –
Standard UL, BS or EN – Project Based)

Supply, fabrication, and installation of fire-rated wooden
doors with certified fire resistance ratings, tailored to
project requirements and local authority approvals.

FD30	30 minutes fire resistance
FD45	45 minutes fire resistance
FD60	60 minutes fire resistance
FD90	90 minutes fire resistance
FD120	120 minutes fire resistance

CONSTRUCTION

- **Door Leaf Core:**
Engineered fire-rated solid core (e.g., mineral core or Halspan core with intumescent seals), tested and certified for specified fire resistance.
- **Leaf Finish**
Choice of:
 - **High Pressure Laminate (HPL)** – scratch and impact-resistant, available in various colors and textures.
 - **Paint finish** – smooth, durable, available in RAL colors upon request.
 - **Veneered finish**
- **Frame:**
Solid wood mineral frame, treated and constructed to meet corresponding fire rating (30/60/90/120 min). Intumescent strips to be integrated into the frame or door leaf as required.

Alternatively, door frames may also be fabricated in steel, depending on the project's aesthetic and technical requirements.
- **Architraves** (if applicable):
Solid wood or matching veneer/HPL, coordinated with door finish

Hardware & Accessories:

- Certified fire-rated hinges, closer, locksets, handles, and vision panels (if required), all to be certified and compatible with the door's fire rating.
- Smoke seals and intumescent strips to be applied as per installation guidelines

Compliance & Testing

- Doors to be supplied with valid fire certificate
- Installation to be done by certified personnel, in line with the tested assembly method and applicable building codes.

Note:

- Final door type, fire rating, certification standard, and finish to be determined based on project location, design intent, and authority requirements.
- All fire-rated doors must be coordinated with architectural drawings and fire strategy plans.

Built-in Closets / Wardrobes

Custom fabrication and installation of bedroom closets

Specifications:

- Internal body to be made of high-density melamine-faced chipboard
- Closet doors to be finished in natural veneer, paint or melamine to match or complement room finishes.
- Internal fittings to include a combination of shelves, drawers, hanging rails, and accessories tailored to each layout.
- Soft-close hinges and drawer runners to be included for enhanced user experience.

Designed to offer practical storage solutions with a refined exterior aesthetic that blends with the room's overall theme.

** All specifications are based on and will be adjusted according to the final design.*

Decorative Wood Wall Cladding

Supply and installation of interior wall cladding elements for feature walls or decorative panels.

Specifications:

- Panels made from medium-density fiberboard (MDF) surfaced with natural veneer finish, paint, HPL, melamine, etc.
- Cladding design may include grooving, inlays, or patterns to enhance spatial aesthetics.
- Finish to be coordinated with surrounding joinery and doors for a cohesive design language.

To provide warmth, texture, and architectural depth to key interior walls such as living rooms, corridors, or headboard walls

**All specifications are based on and will be adjusted according to the final design.*

Kitchen Cabinetry

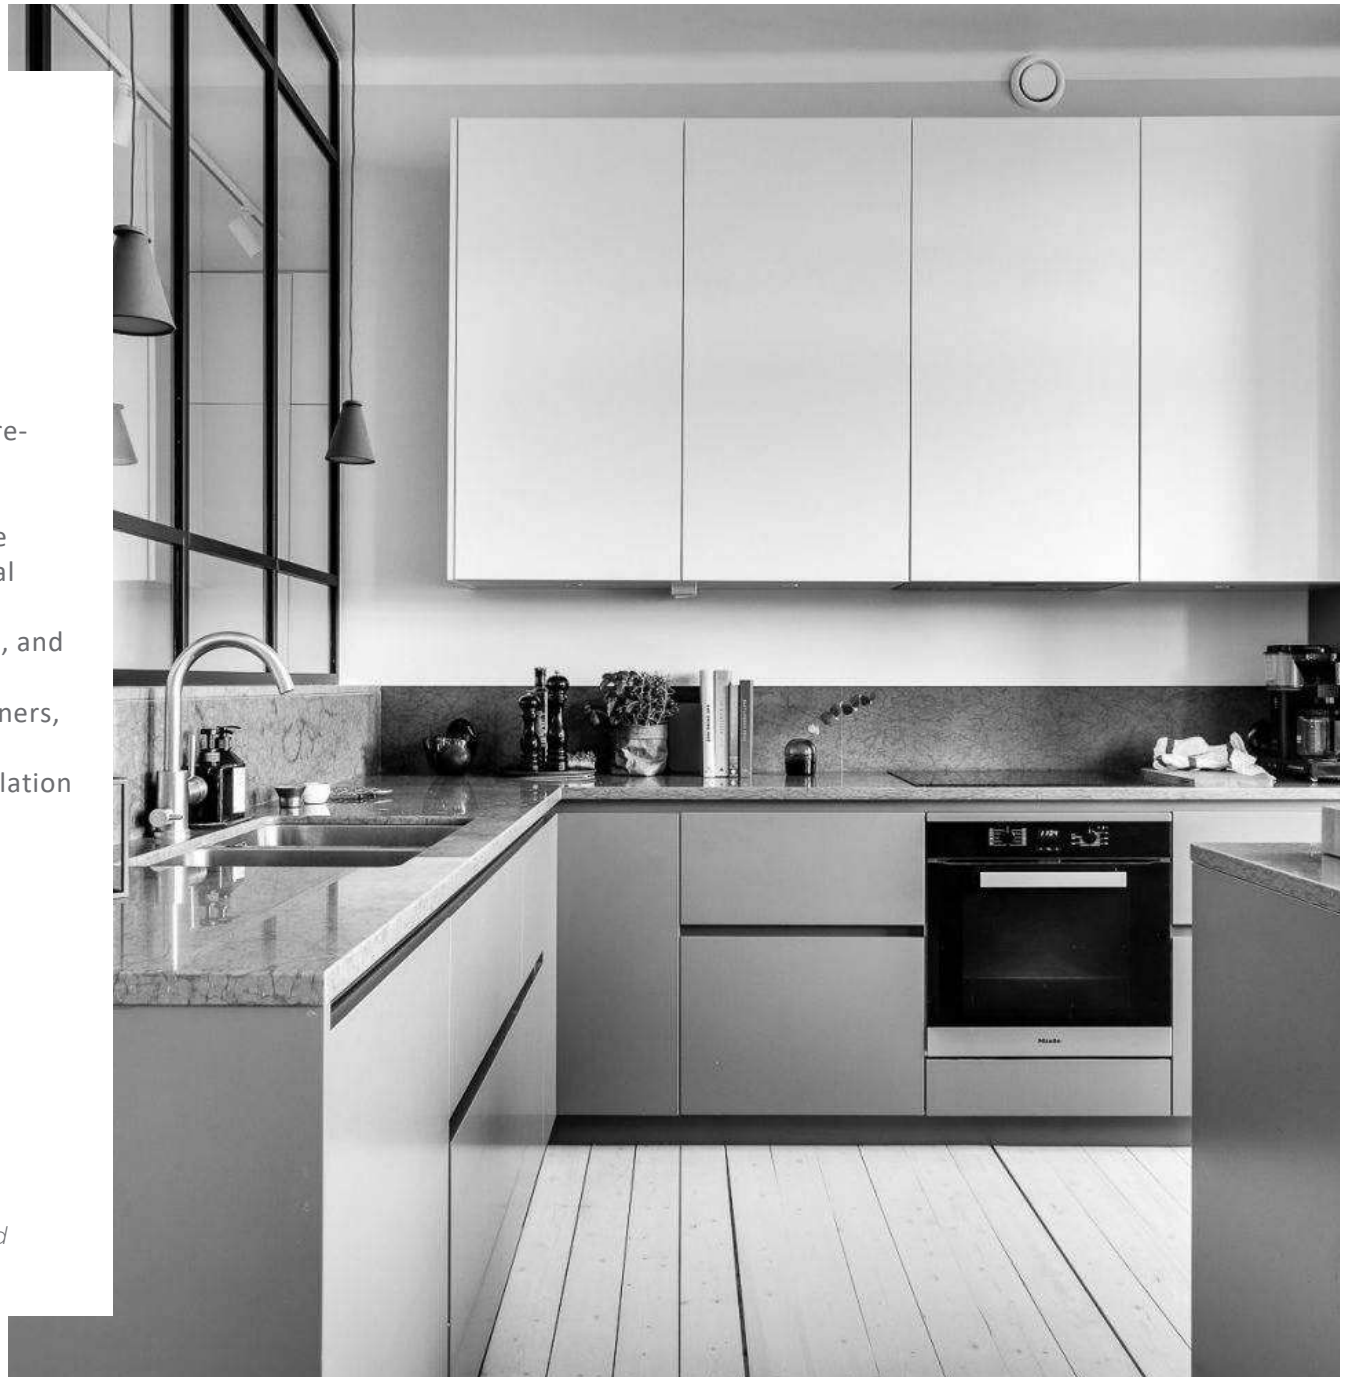

Custom-made kitchen cabinets for each unit, complete with full installation

Specifications:

- Cabinets (internal structure) to be made of moisture-resistant melamine-faced chipboard.
- Cabinet doors to be finished in either high-pressure laminate or natural veneer, as approved during final material selection
- Cabinets to include upper and lower units, drawers, and open shelves as per kitchen layout.
- Standard accessories include soft-close hinges, runners, adjustable shelving, and cutlery trays.
- Provision for built-in appliances, lighting, and ventilation to be included in the design

Functional and aesthetically pleasing kitchen units that align with the overall interior design, while offering efficient space utilization and durability.

**All specifications are based on and will be adjusted according to the final design.*

LIST OF PROJECTS

PROJECTS

ONE TOWER

Limassol, Cyprus

For the prestigious One Tower in Cyprus, we had the privilege of installing fire-rated doors, door cabinets, wooden cladding, gypsum board ceilings, cement board cladding, stainless steel elevator covers, mirrors, and stainless steel cladding.

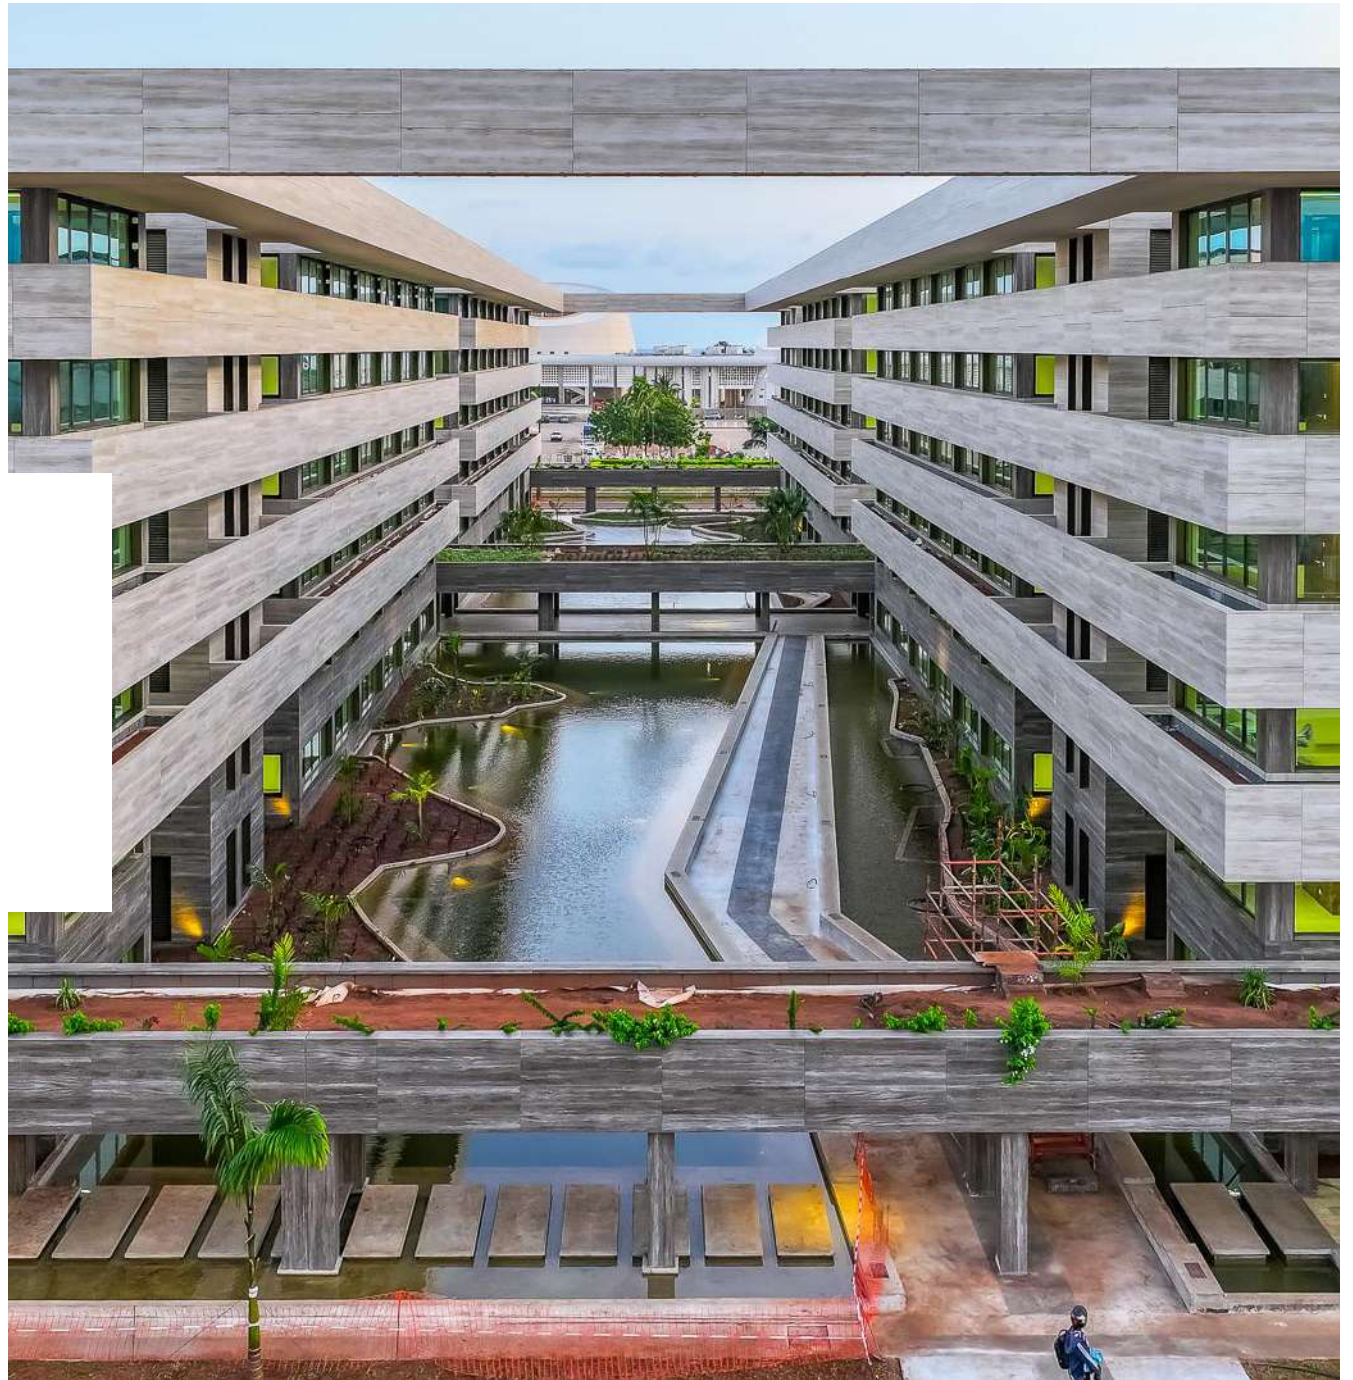

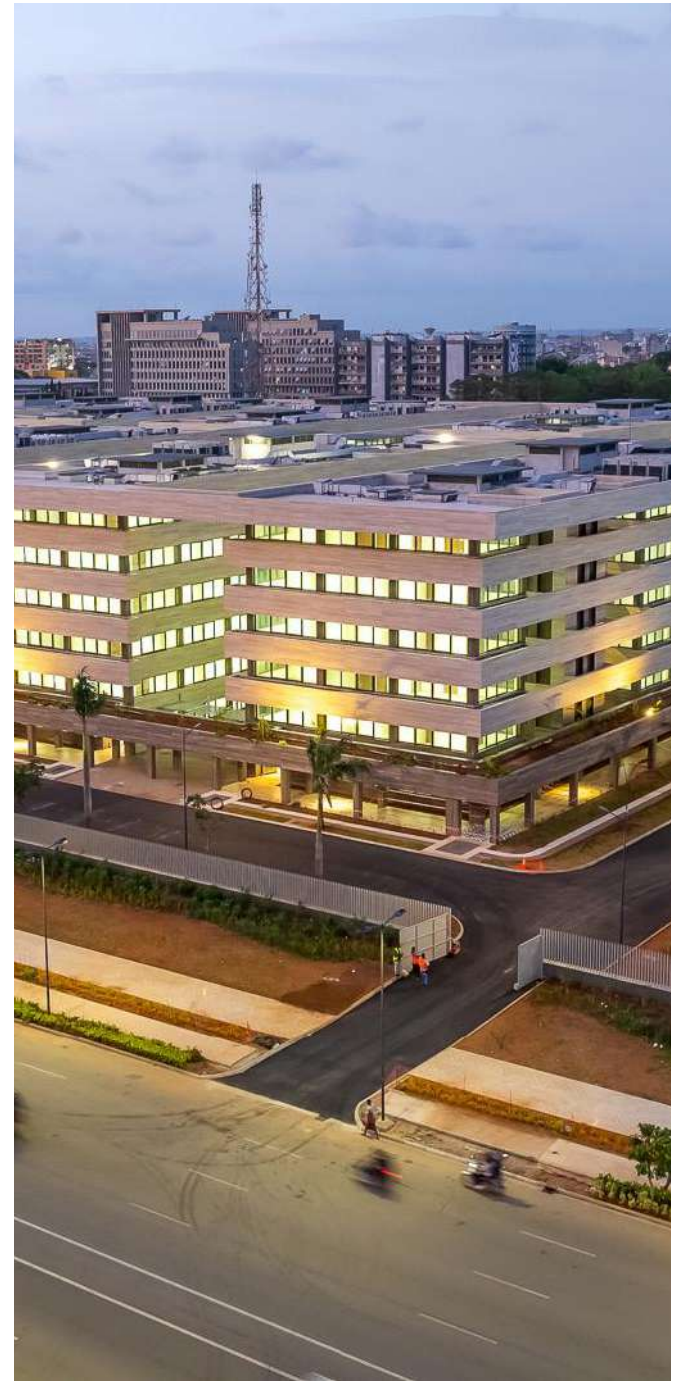

CITE MINISTÉRIELLE

Cotonou, Benin

At the Cite Ministérielle in Cotonou; Benin, we installed fire-rated and non-fire-rated doors, shafts, ceiling cladding, and various woodworks.

CITE FINANCIERE DE COTONOU

Cotonou, Benin
ONGOING PROJECT

At the Cité Ministérielle in Cotonou, Benin, we are currently executing a comprehensive scope of works, including fire-rated and non-fire-rated doors, shaft doors, ceiling cladding, gypsum ceiling work, and various custom woodworks. The project is ongoing, with production activities actively in progress.

LA CITÉ ADMINISTRATIVE DE KOLOMA

Conakry, Guinea
ONGOING PROJECT

We are actively working on La Cité Administrative de Koloma in Conakry, Guinea, where we are executing a wide range of high-end joinery and interior works. This includes fire-rated and non-fire-rated doors, shaft doors, custom wood installations, and gypsum ceiling finishes. The project is currently ongoing, with production and installation underway.

CITE ADMINISTRATIVE

Cotonou, Benin

ONGOING PROJECT

Also at Cotonou, Benin, we installed fire-rated and non-fire-rated doors, shafts, ceiling cladding, and various woodworks at the Cite Administrative.

BANQUE DES ÉTATS DE L'AFRIQUE CENTRALE

Cameroon

ONGOING PROJECT

At the Banque des États de l'Afrique Centrale, serving the CEMAC region, we installed fire-rated and non-fire-rated doors, shafts, ceiling cladding, various woodworks (bars, shelves, desks), kitchens, mirrors, and wall cladding.

FIRS Headquarters

Abuja, Nigeria

A seamless blend of craftsmanship and design. This project features custom wood cladding for curved columns, premium wooden doors, and elegant elevator cladding combining wood and stainless steel finishes. Every detail was carefully executed to deliver a refined and timeless interior experience.

PALAIS DE LA VICE PRÉSIDENCE

Cotonou, Benin

At the Palais De La Vice Présidence in Cotonou, Benin, we installed fire-rated and non-fire-rated doors, ensemble bois vitrée, shafts, closets, wall cladding, wood ceilings, kitchens, stairs, and sliding doors.

NOVOTEL ADAGIO

Abidjan, Ivory Coast

At this hotel in Abidjan, we installed doors, wall cladding, ceiling, shafts, and furniture.

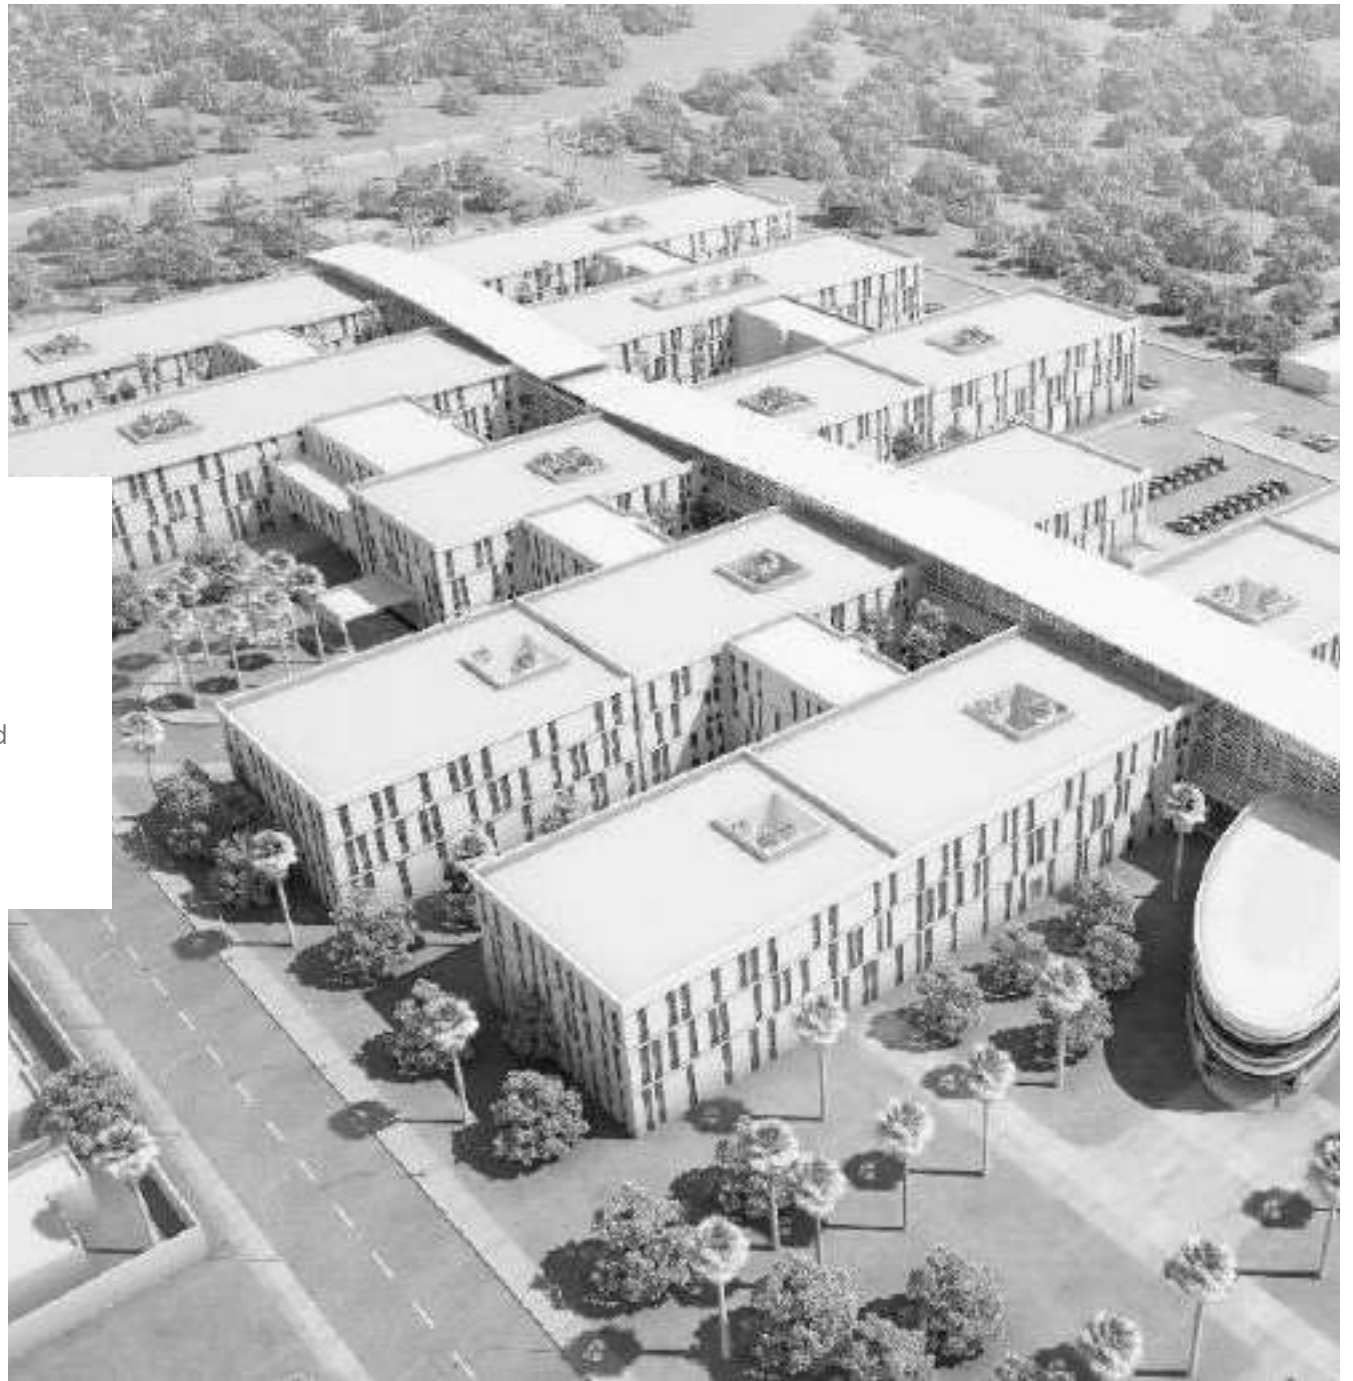

CHU ABOBO HOSPITAL

Abidjan, Ivory Coast

ONGOING PROJECT

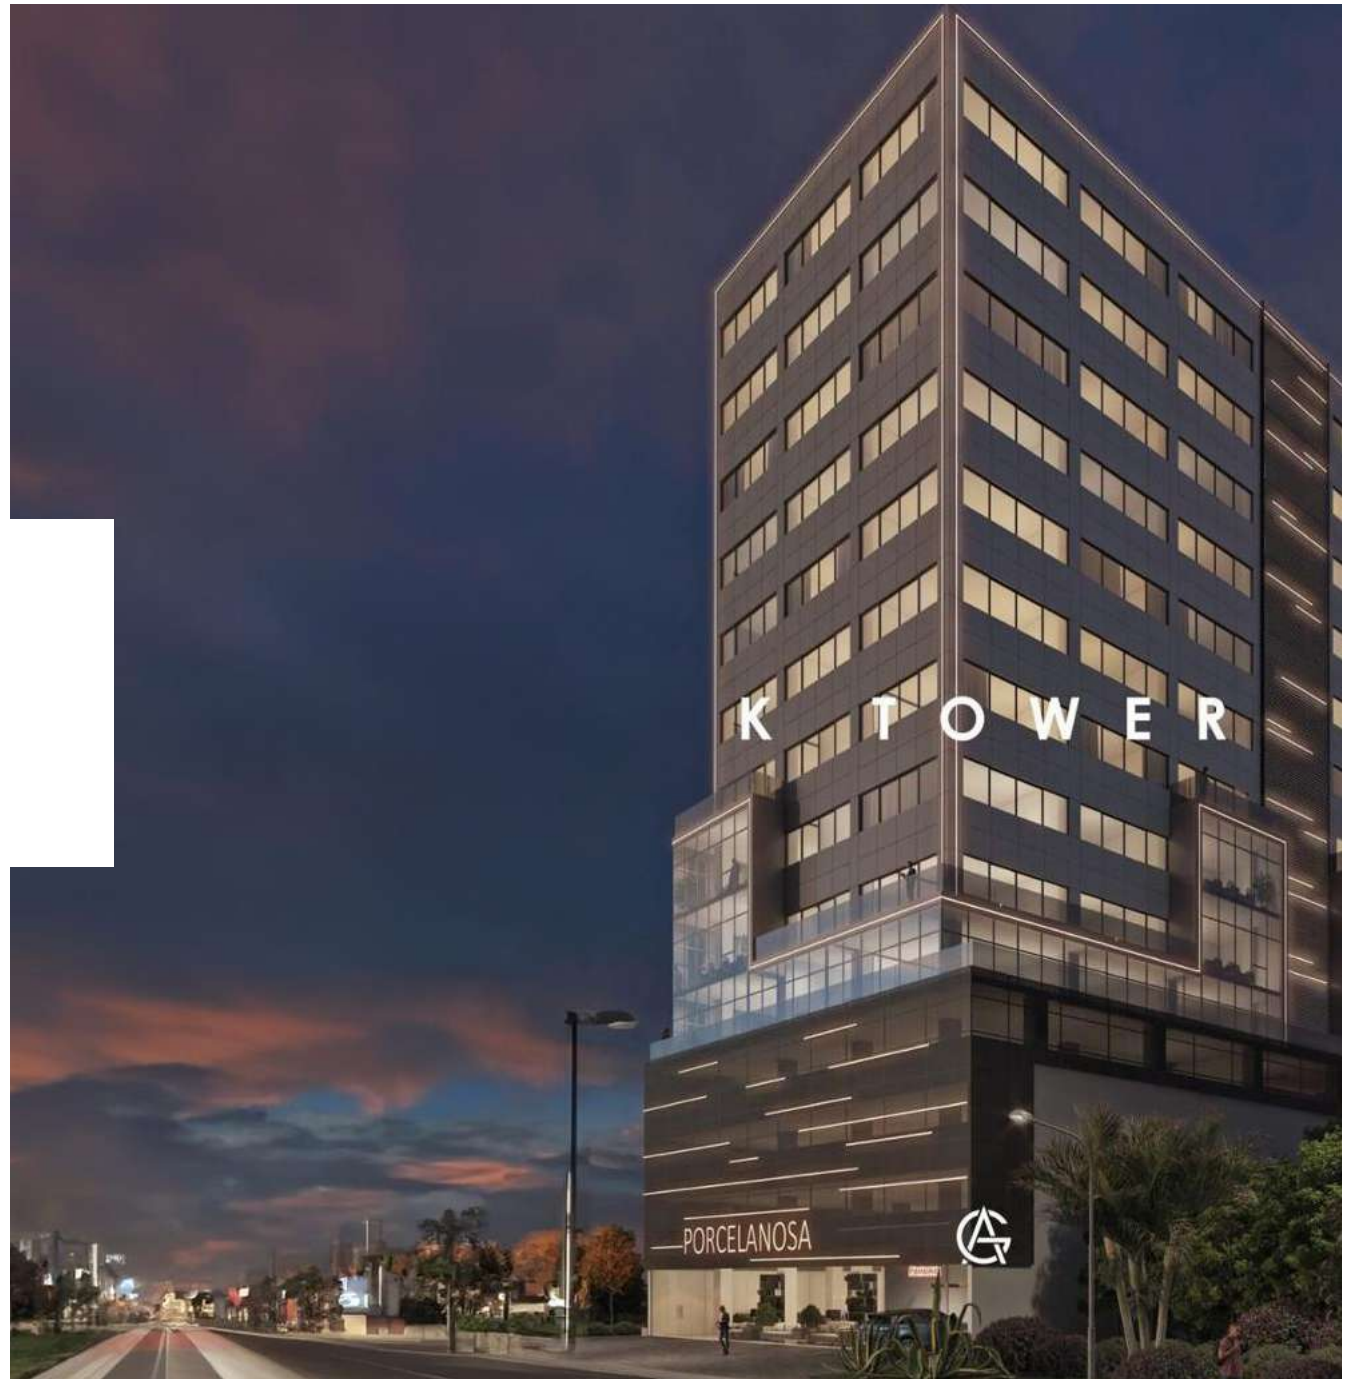

At this medical institution in Côte d'Ivoire, we installed fire rated and non-fire-rated doors, shafts, cabinets, and other woodworks.

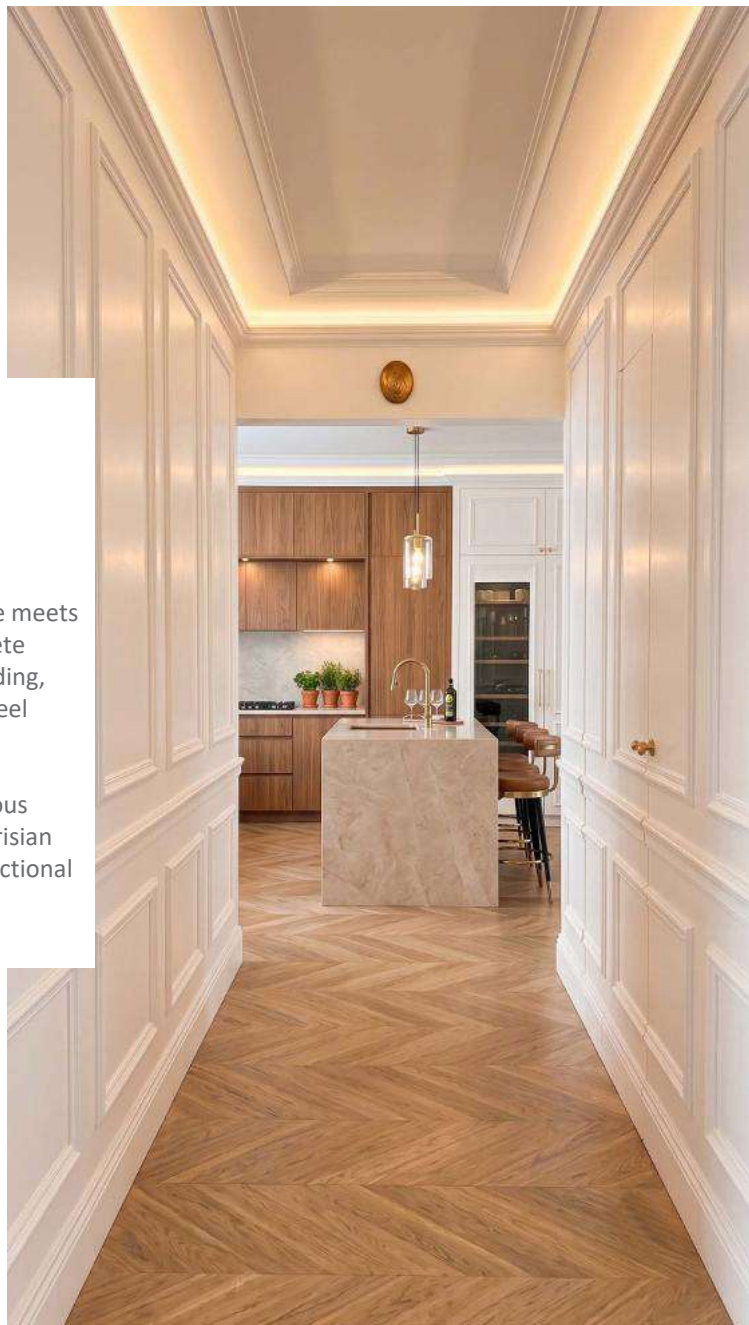

K TOWER

Abidjan, Ivory Coast

In this office tower in Abidjan, we installed fire-rated and non-fire-rated doors, shafts, and other woodwork.

PARISIAN LOFT DESIGN

Paris, France

A refined Parisian loft-inspired interior where elegance meets craftsmanship. Our scope of work included the complete execution of custom woodworks, decorative wall cladding, architectural ceiling features, and bespoke stainless steel elements finished with an HPL-effect treatment.

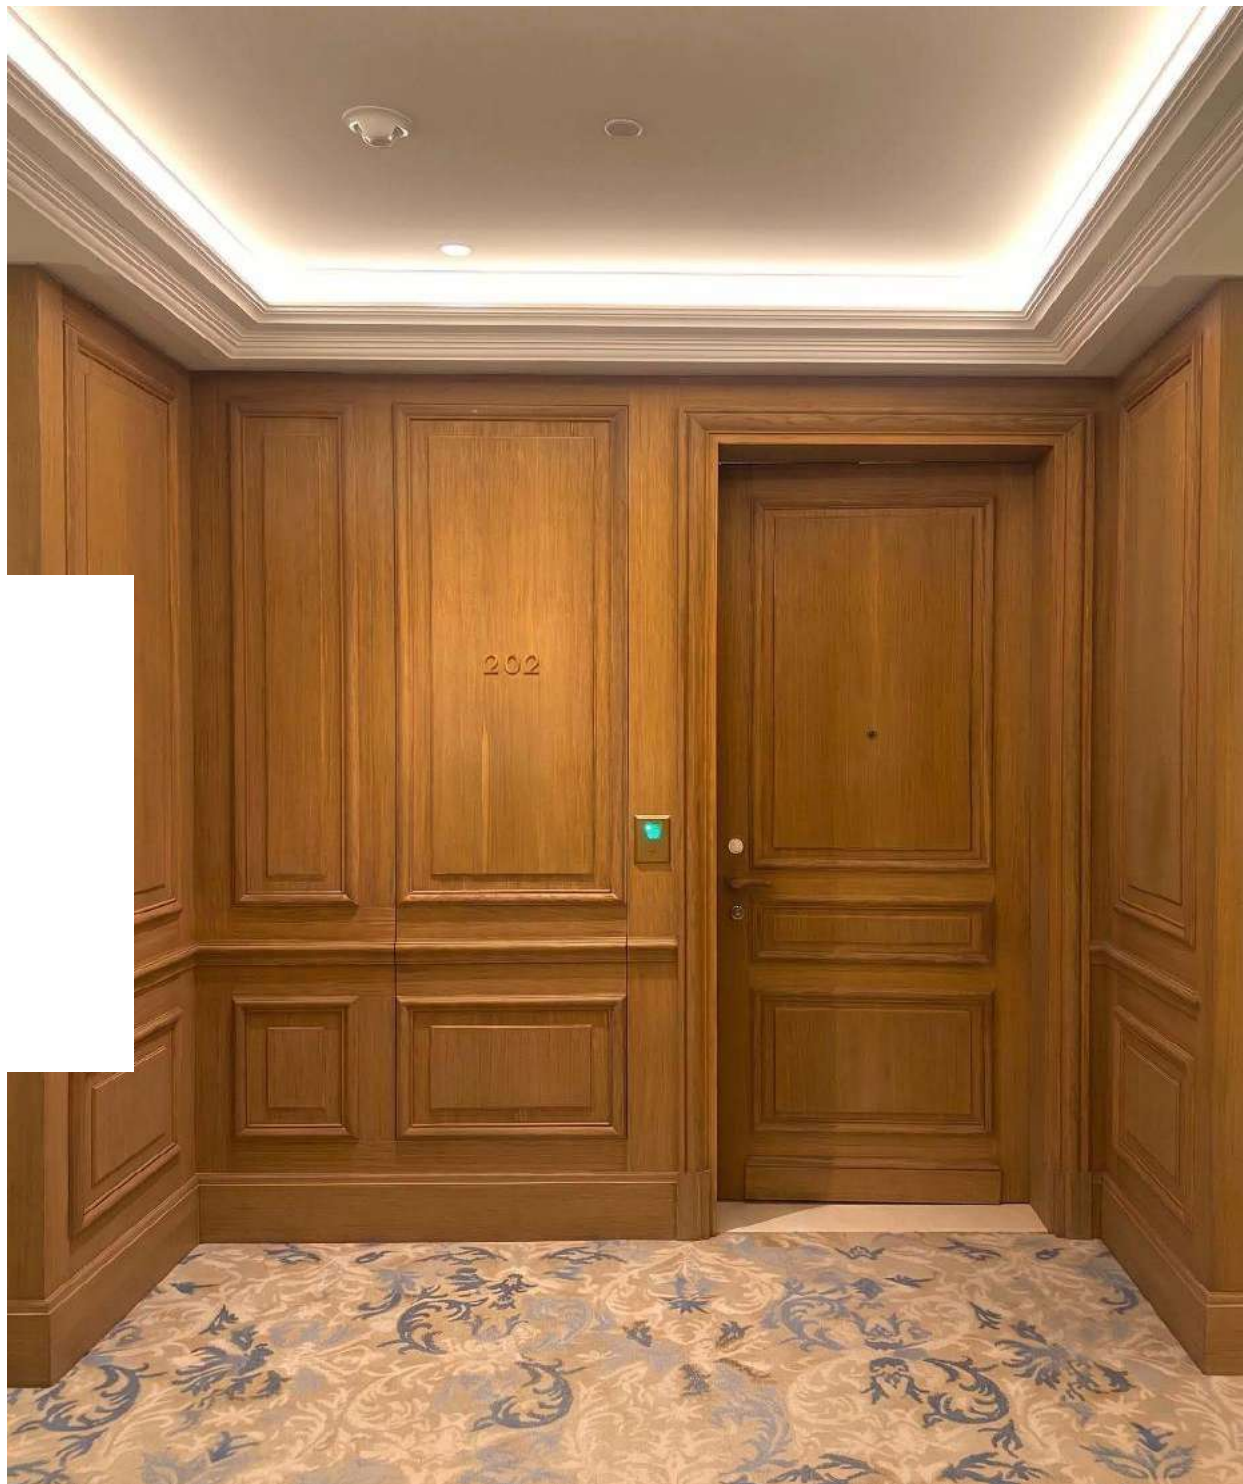

Every detail was carefully crafted to create a harmonious blend of contemporary sophistication and timeless Parisian character, delivering a warm, luxurious, and highly functional living environment.

LE VENDOME HOTEL

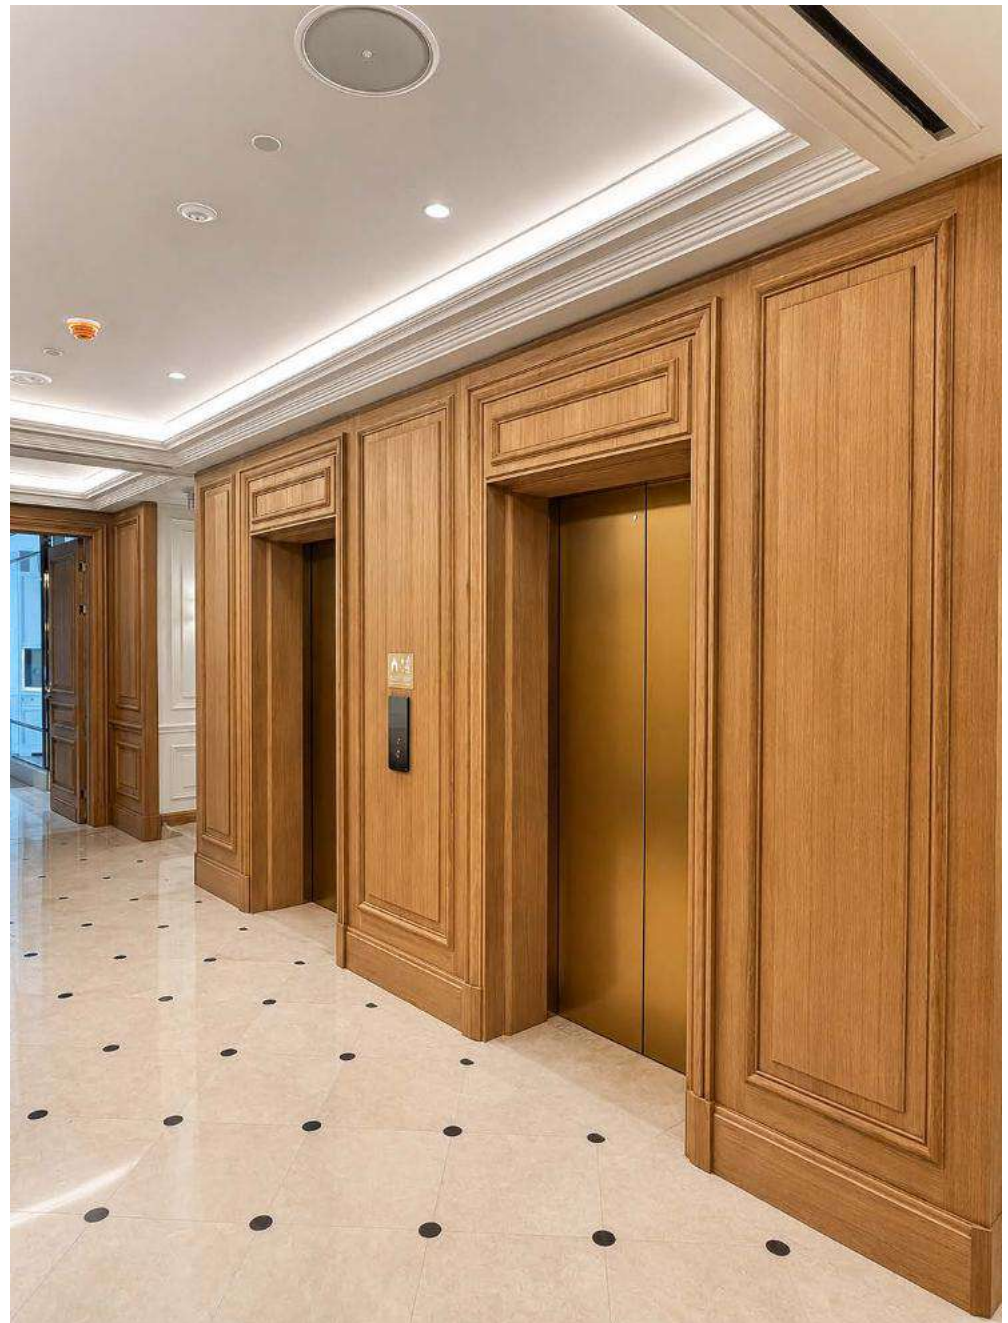

Beirut, Lebanon

At the Vendome Hotel in Beirut, we delivered a full spectrum of high-end joinery and interior finishes, reflecting our commitment to precision and craftsmanship. Our scope included the installation of luxurious cladding featuring seamlessly integrated concealed doors, designed to blend harmoniously with the surrounding surfaces.

We also executed both fire-rated and non-fire-rated doors, incorporating specialized hardware for the fire-rated units to ensure maximum safety without compromising on aesthetic appeal. Every element was meticulously crafted to meet the highest standards of quality, functionality, and elegance, enhancing the overall ambiance of the hotel interiors

GEMMAYZEH VILLAGE

Beirut, Lebanon

At the popular Gemmayzeh Village, we installed closets, under-vanity cabinets, pergolas, and worked on lobbies and wood cladding, enhancing the functionality of the space.

ABD EL WAHAB TOWER

Beirut, Lebanon

In this tower, we installed fire-rated doors, under-vanity cabinets, wood cladding, wooden closets, wardrobes, and kitchens, ensuring both safety and style.

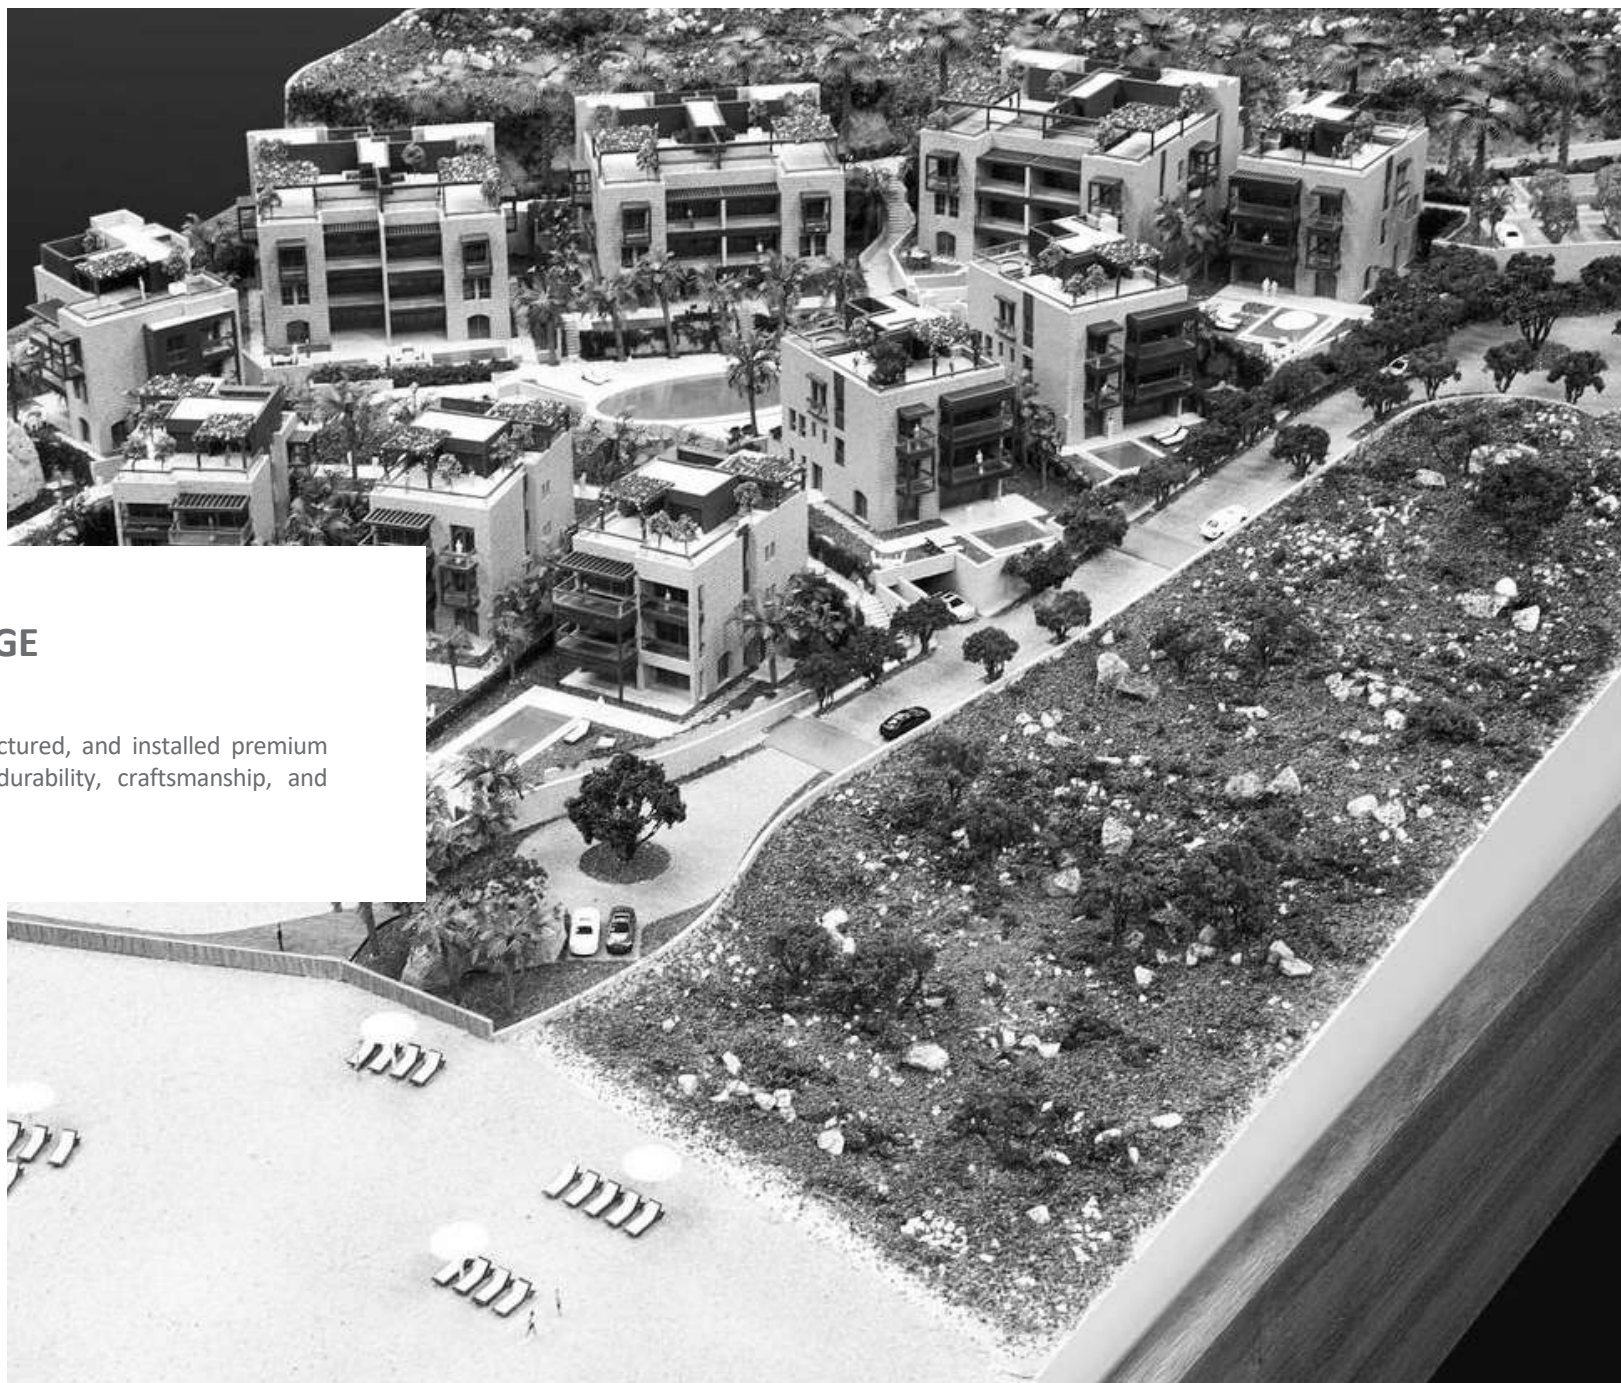

ST. GEORGE'S RESIDENCE

Beirut, Lebanon

At St. George's Residence in Ashrafieh, we enhanced the space by designing and executing custom doors and woodwork.

BYBLOS BEACH VILLAGE

Byblos, Lebanon

For this mega project, we manufactured, and installed premium solid wood pergolas, combining durability, craftsmanship, and refined architectural detailing

WATERFRONT CITY

Dbayeh, Lebanon

For this extraordinary mega project, we meticulously crafted and installed ceilings, cladding, and cabinets under vanities.

NIRVANA HOTEL & SPA

Laklout, Lebanon

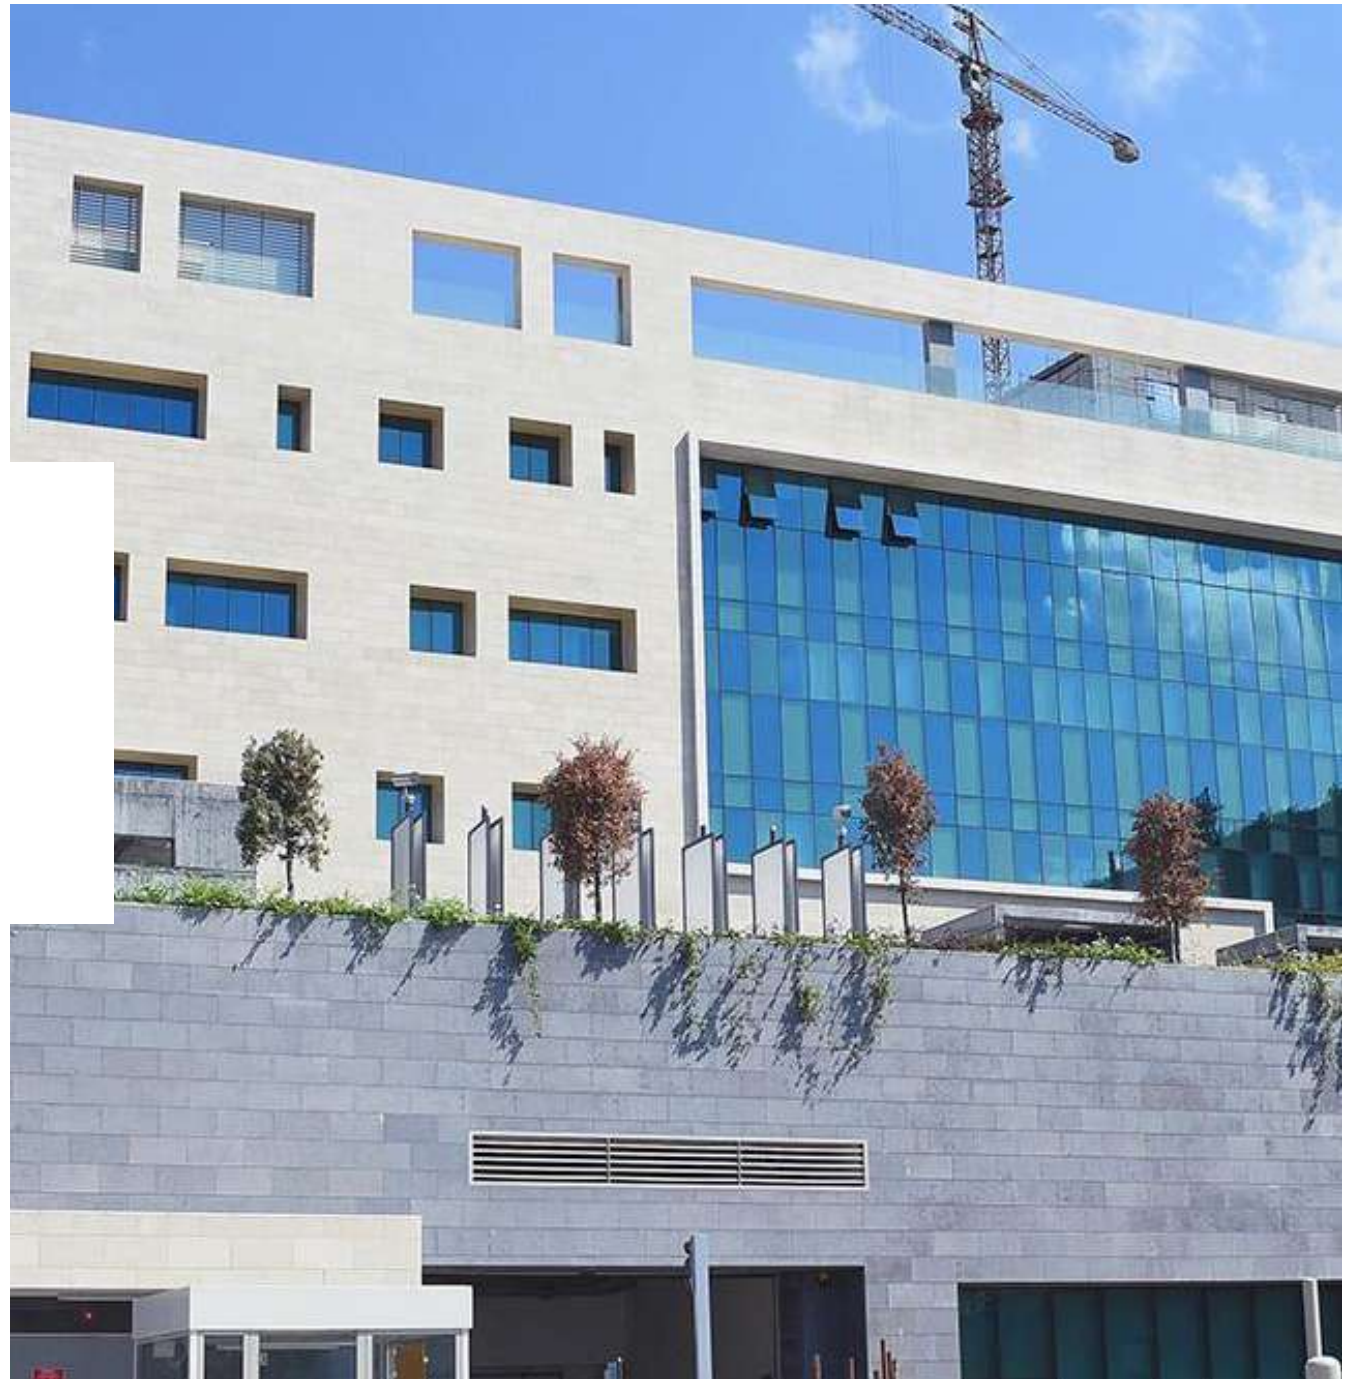

We developed the industrial wood design for the Nirvana Hotel & Spa, creating an inviting atmosphere.

LAU BYBLOS

Byblos, Lebanon

At LAU Byblos, we outfitted the Engineering Lab with custom wooden doors, lab furniture, and decorative wood and steel elements. Our work included the fabrication of metal tables, installation of steel countertops, cabinets, electrical cabinets, and resin shelves.

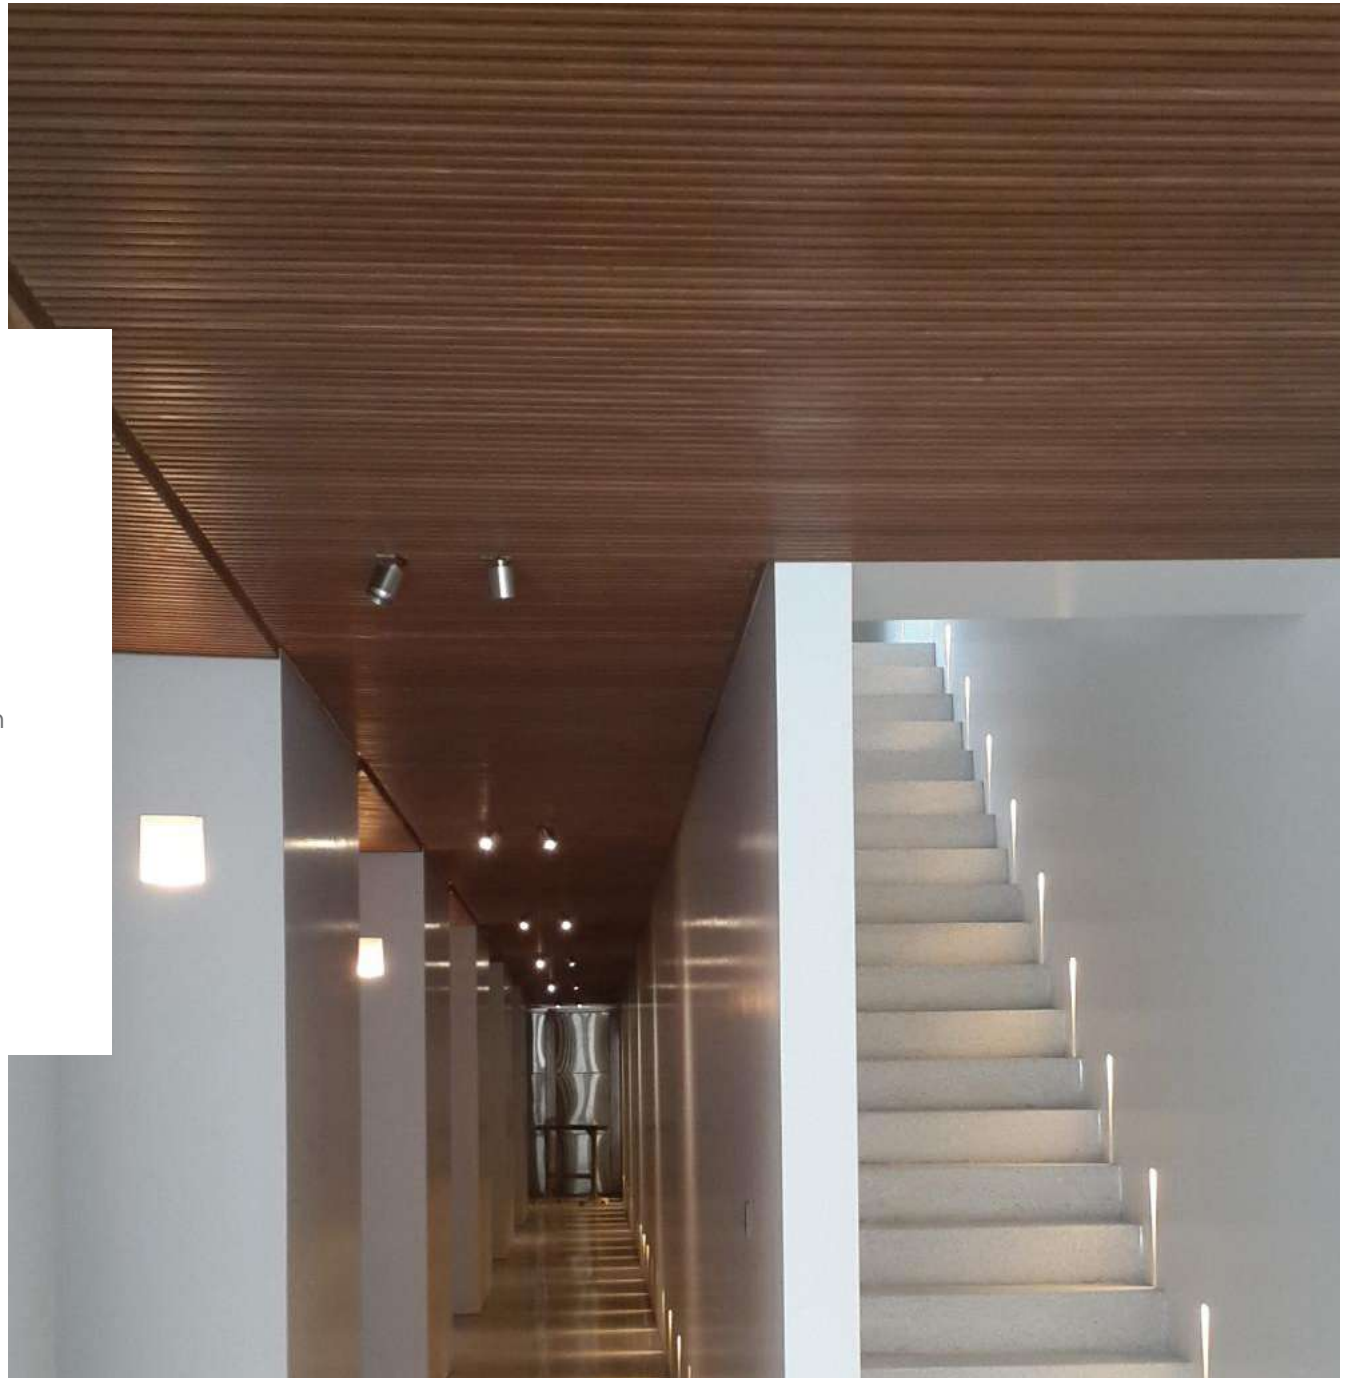

CALYPSO RESIDENTIAL

Beirut, Lebanon

Our team expertly executed a range of high-quality interior finishes. We installed wooden ceiling strips, enhancing the aesthetic appeal of each room. Our craftsmanship extended to the precise installation of doors, closets, and vanities, ensuring functionality and seamless integration with the overall design.

Additionally, we completed detailed work in shower areas, providing both durability and elegance. Our attention to detail and commitment to excellence are evident in every aspect of our work at Calypso Residential.

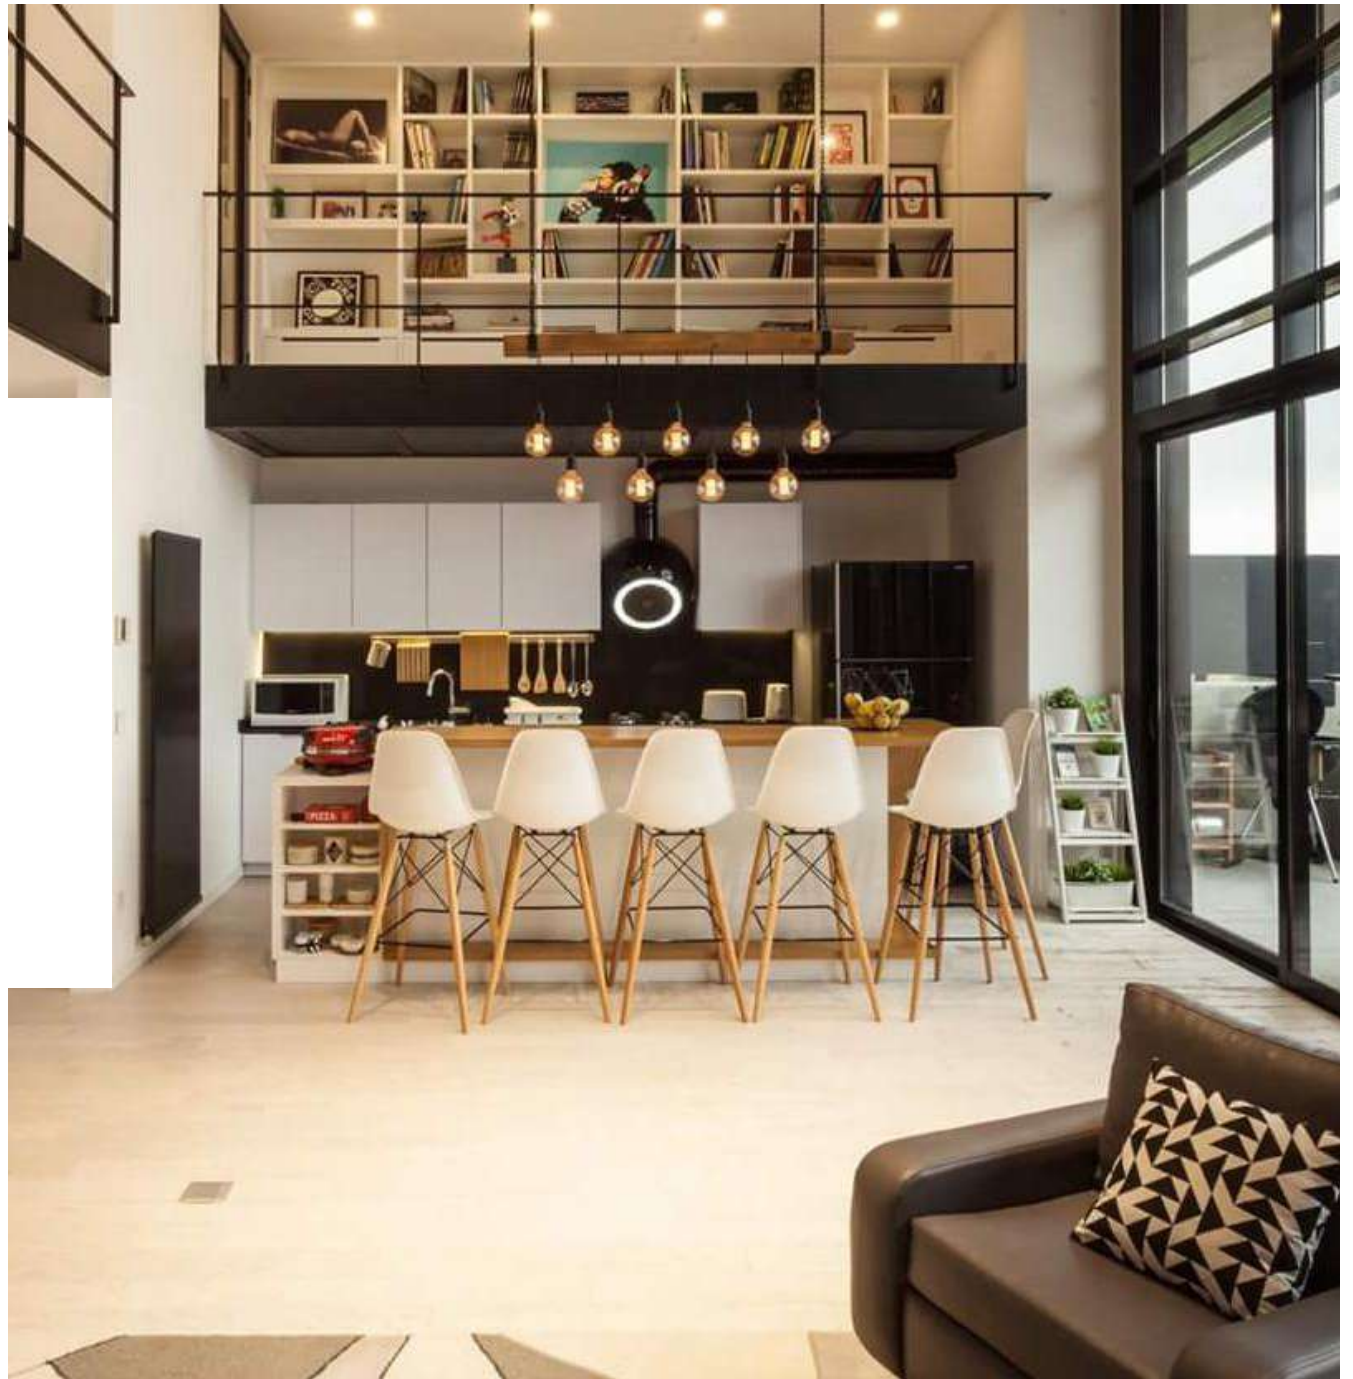

LOFT DESIGN

Beirut, Lebanon

In a modified loft, we executed a comprehensive woodwork project. Our team handled all aspects of the woodwork, ensuring each element was tailored to complement the loft's unique design.

This reflects our dedication to quality and precision, enhancing both the aesthetic appeal and functionality of the space.

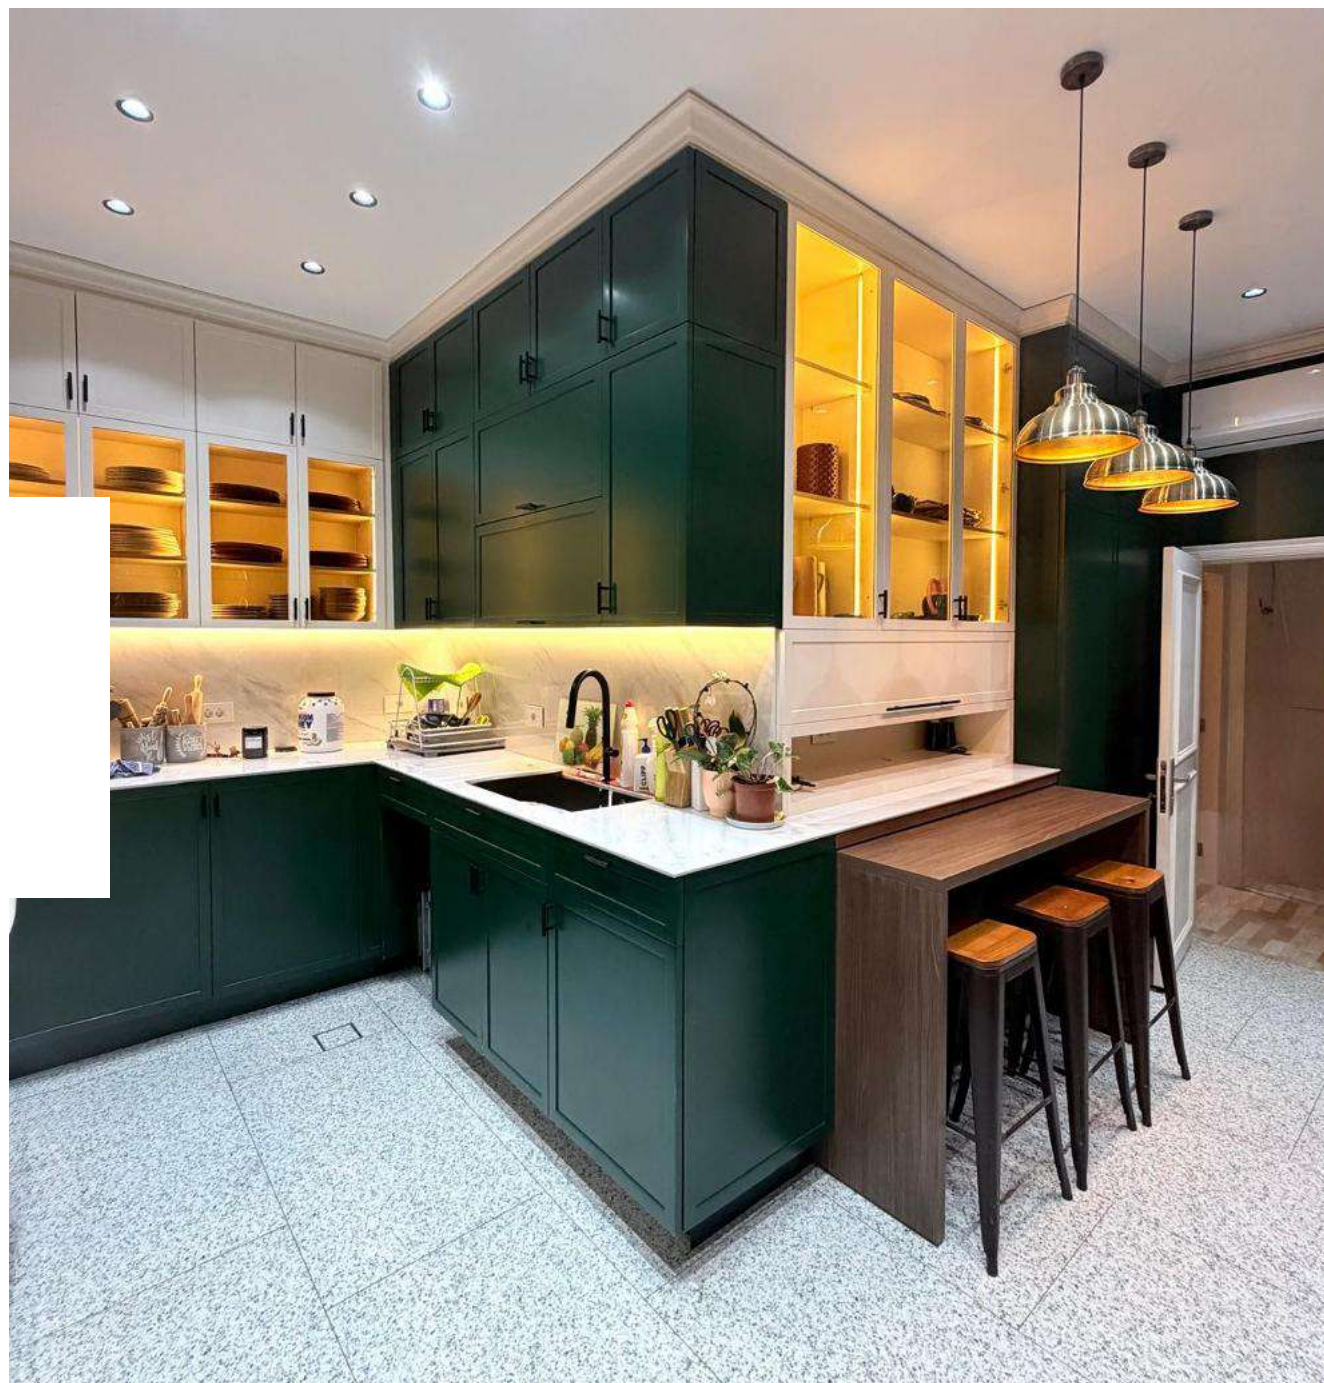

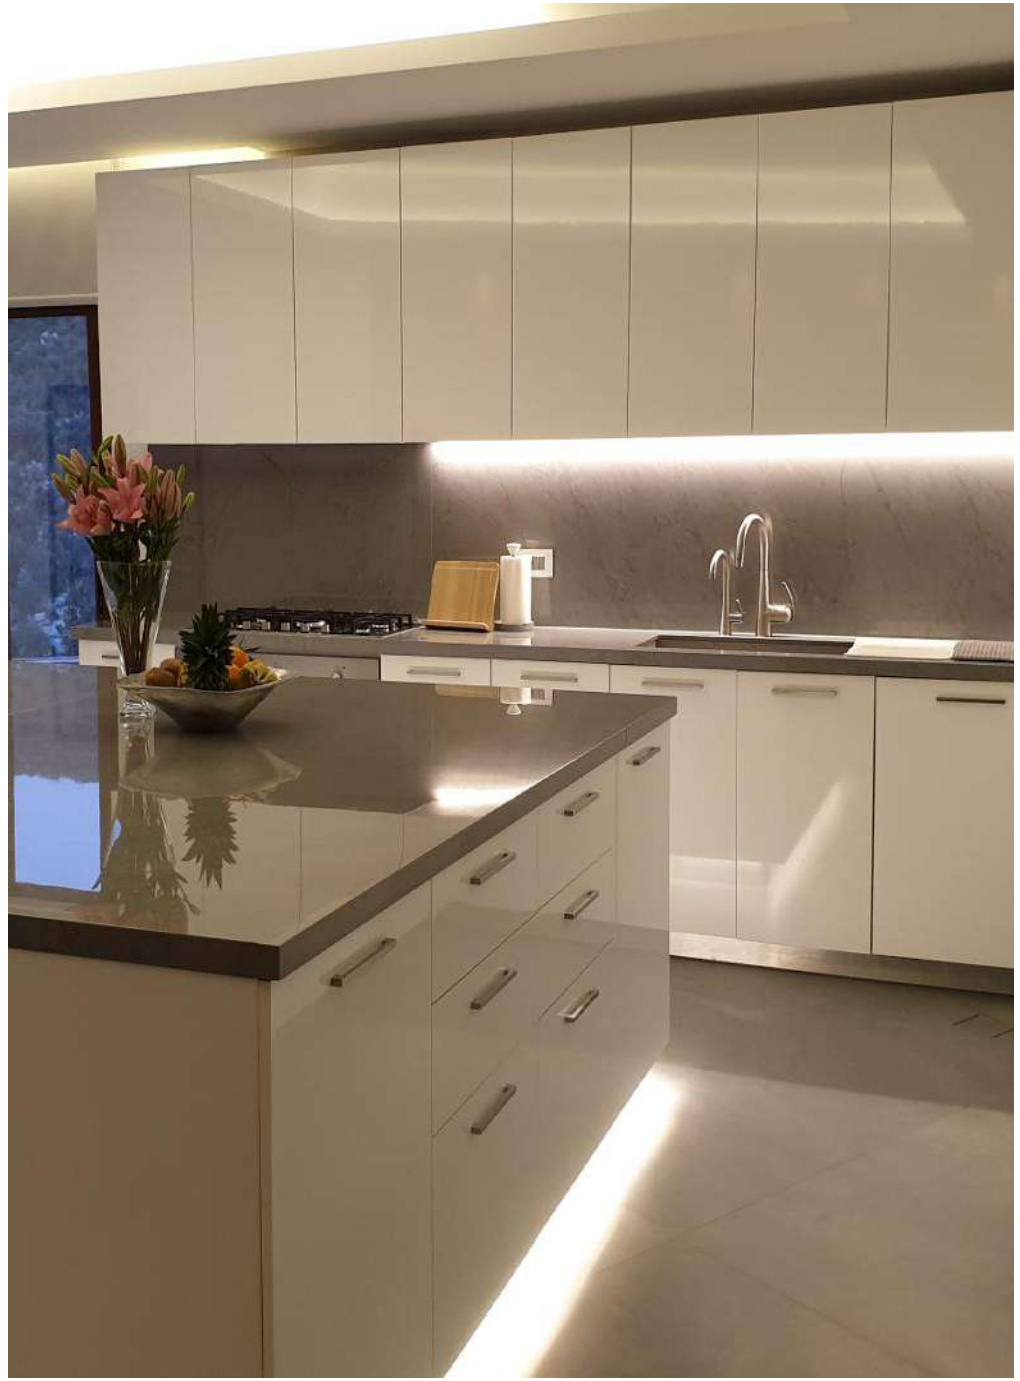

RESIDENTIAL KITCHEN

Beirut, Lebanon

We specialize in creating and executing the kitchen designs of your dreams. Our focus is on combining aesthetics with functionality, ensuring each kitchen is both beautiful and practical.

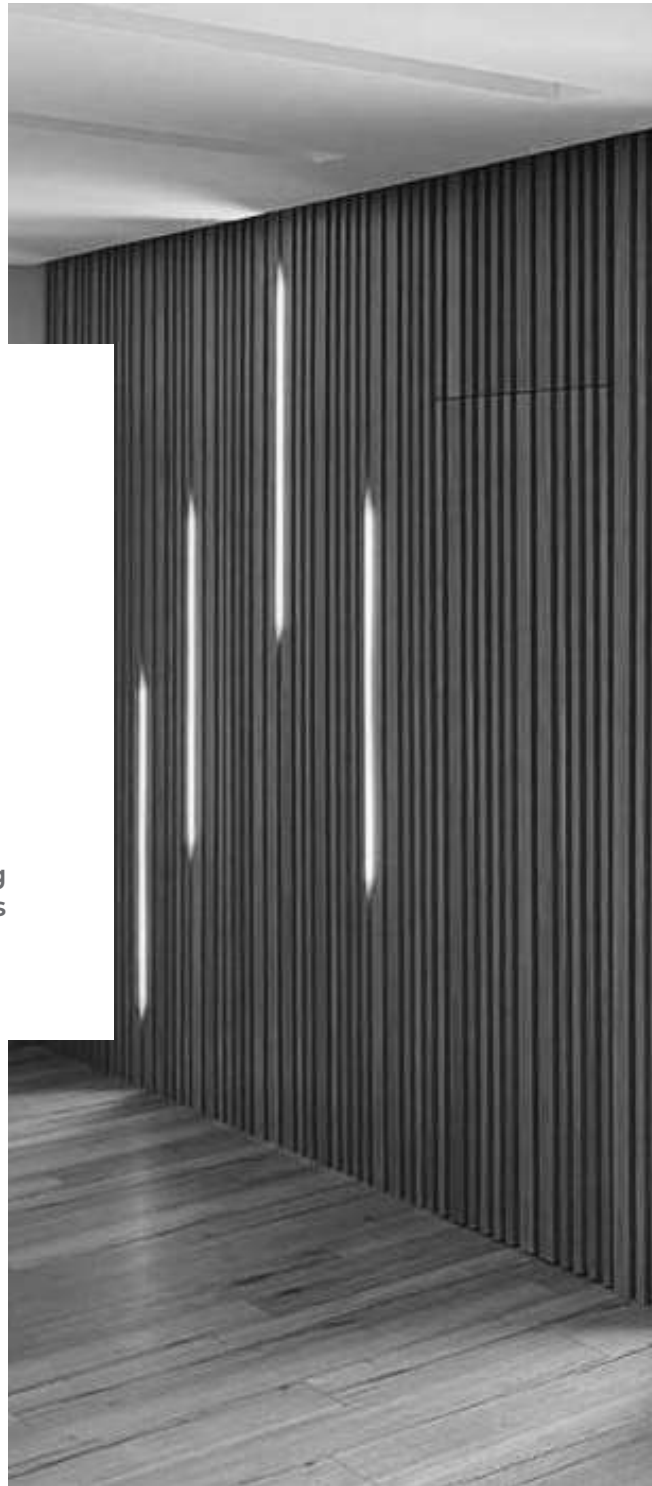

MANAGEMENT

Good management is the cornerstone of all successful projects and companies. At Zinaline, we are fortunate to have a dedicated management team that understands the importance of high performance under pressure.

What sets us apart and keeps our clients returning is are the systematic approach and the core values we uphold.

OUR KEY STEPS FOR SUCCESS

TENDERS

We meticulously evaluate tenders from various suppliers.

CONTRACTS

We prioritize clarity and accountability by creating comprehensive contracts.

DRAWINGS

We create detailed drawings tailored to meet each client's specific needs.

PROJECT PLANNING

We collaborate with consultants and architects before project execution begins.

FACTORY EXECUTION

We execute designs with impeccable and high-end finishing.

INSTALLATION

We deliver and install designs according to agreed-upon timelines and specifications.

INSPECTION

We prioritize post-project inspections to guarantee quality and address any outstanding issues.

FIRE-RATED DOORS

Safety is our top priority, which is why we specialize in installing fire-rated doors. These doors are essential for safeguarding lives and minimizing property damage during fires.

Our fire-rated doors are certified by the manufacturer to withstand up to 120 minutes of fire exposure.

Additionally, we hold certifications from BS, BS/EN, and UL, demonstrating our commitment to meeting the highest safety standards.

We continuously strive to acquire new certifications to enhance our safety measures further.
